The Practical Nursing Technology program prepares students to become healthcare professionals for providing patient care in many healthcare settings. This hands-on program equips students with the skills needed to prepare, provide, and evaluate individualized care to meet patients’ needs.

This 11-month program is currently offered at our Jefferson City, MO campus. This program teaches graduates the technical and personal skills needed to help patients be satisfied and independent.

Upon graduation and approval from the Missouri State Board of Nursing, program graduates are eligible for the NCLEX-PN examination. Passing NCLEX-PN examination is required to become a Licensed Practical Nurse.

**Sample Courses:**
- Nursing Care of Children
- Medication Calculation & Administration, & IV Therapy
- Medical Surgical Nursing

**Potential Employers**
- Hospitals
- Physician Clinics
- Long-Term Care Facilities
