Linn, MO 65051

Students accepted into the State Technical College of Missouri Associate of Applied Science in Nursing program (ADN) are subject to background and drug screening at their own cost. In addition, students will complete a physical with their physician and submit documentation of immunizations and screening tests as required by our clinical agencies. Students will also need to maintain BLS CPR certification throughout the duration of the program. By signing the given application, the student certifies that all information submitted in the application is complete and accurate to the best of their knowledge. Any misinformation submitted may void admission to the program.
