

Configuring and Installing Panopto for your Moodle Course

Please follow the steps below to add the Panopto Block to your Moodle course and configure it for use. If you only need to install the Panopto Recorder software, please skip to step 5.

1. Turn editing on:

2. Find the "Add a Block" control and select Panopto:

- Click the Provision Course link to create a Panopto folder for your course and link your new block to it:

The screenshot shows a Moodle course page with a list of topics on the left and a sidebar on the right. The topics are labeled 'Topic 6', 'Topic 7', 'Topic 8', and 'Topic 9', each with an 'Add an activity or resource' button and an 'Edit' link. The sidebar contains a 'PANOPTO' section with a 'Provision Course' link circled in red. Below it is an 'ADD A BLOCK' section with a dropdown menu.

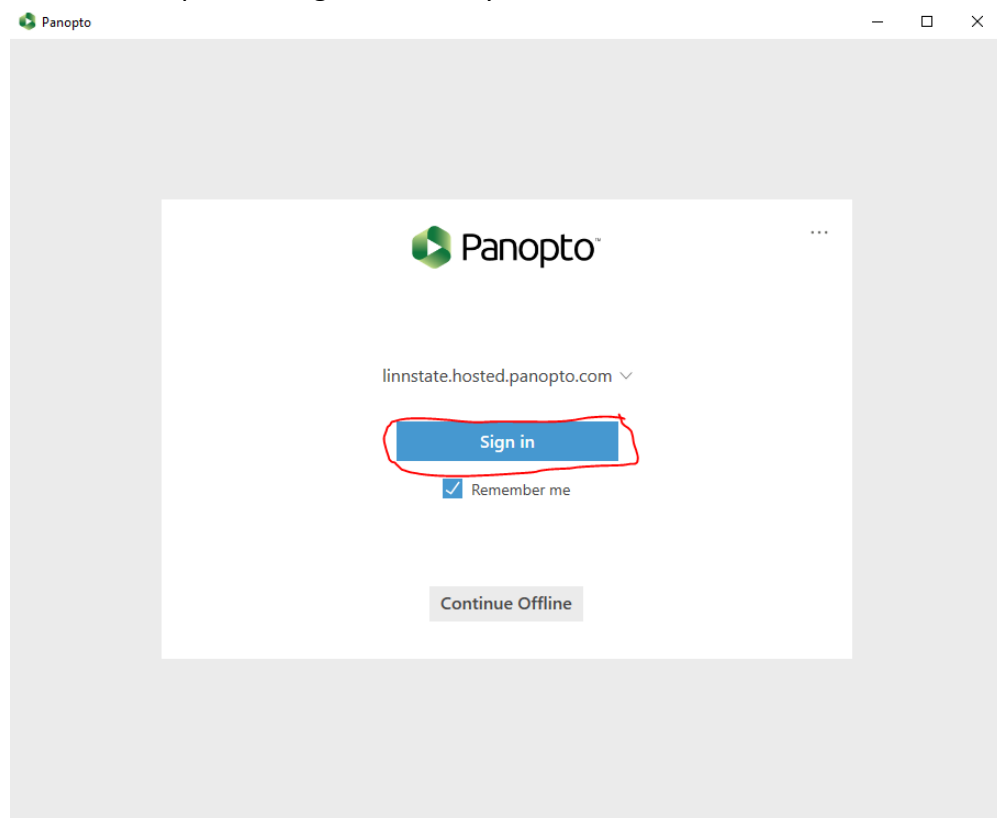

- Once your course finishes provisioning, you will see a screen like the image below. Click the “Back to course” link to return to your course:

The screenshot shows a Moodle course page with a 'Provision Courses' section. The section contains a message about provisioning and a 'Back to course' link circled in red.

- You should now see additional information in your Panopto Block. If you have already installed the Panopto Recorder, then you are finished with these instructions and are ready to start creating videos for your students! If not, please continue to step 5.
- Click the Download Recorder link for your operating system in the Panopto Block in your course:

The screenshot shows a Moodle course page with a list of topics on the left and a sidebar on the right. The topics are labeled 'Topic 7', 'Topic 8', 'Topic 9', and 'Topic 10', each with an 'Add an activity or resource' button and an 'Edit' link. The sidebar contains a 'PANOPTO' section with a 'Download Recorder(Windows | Mac)' link circled in red.

6. Run the installer when it finishes downloading and follow the installation instructions. Please use the default installation options. The recorder software is already configured to work with our Panopto site.
 - **If you have previously installed WinZip or receive an error while running the installer, please contact the State Tech IT Helpdesk at helpdesk@statetechmo.edu for assistance.**
7. After the Panopto Recorder finishes installing, it will prompt you to sign in. Click the blue “Sign in” button to open the login screen in your web browser:

8. Leave the login method set to Moodle and click the green Sign in button:

Sign in to Panopto

That's it! You should now have the Panopto Block configured in your course and the Panopto Recorder installed on your computer. You are ready to begin creating and recording content for your students!

Please check out the resources below for some helpful information to get started. Please note that some of these involve instructions meant to be carried out from the Panopto web site. To reach the Panopto web site, please click the "Manage My Recordings" button in the Manage Recordings tab of the Panopto Recorder software.
