The future is now...

What started as just a picture in the 2000 yearbook has now become reality! The Information Technology Center will be open for business in the fall of 2001!

Student dorms are up and running! 2000-2001 RA’s from left to right are: Chris Beall, John Reinke, Chris Claussen, Brandon Salladay, Carron Johnson, and Matt Hodges.
...and "Welcome Splash"?? Considering the heat on August 30, I'm sure Brenny and Carrie considered the water balloons a "welcome splash".

Midnight Beat did a great job of bringing in the new school year. Jennifer turns in her request to Rod and Sean at the bash.

CHOW TIME!!!
Another thing "welcomed" by the students was the BBQ. Instructors slaved over hot grills serving up hamburgers and hotdogs to a hungry crowd.
Let the games begin!

What do you do if you only get one team signed up for tug-o-war?

I fought the tree and the tree won, I fought the tree and the tree won...

Brandon Miller, Brad Coffey, and James Anderson, Electronics, are all smiles waiting for their turn.

These guys are all smiles because Darin Volkart, HVAC, is next up and not them.
Leslie Blanton, 1st year Automotive Technology and Brian Jacobi, 2nd year Electronics take their turns in the hot seat.

Kim Hanlon, Brian Kendrick, and Matthew Hagenhoff from Machine Tool and Neal Yoest and Brian Goodman from Heavy Equipment Technology have done their good deed and now get the privilege of being waited on at the canteen by Liz Brandon, Automotive Technology SGA representative.

Each year one student is chosen from each department that the department feels is the all around "outstanding" student. While academic skills are important, human relation skills and overall performance are considered as well. The campaign started with a kick-off presentation at the employee Christmas party in December. John Klebba, representing Linn State Bank, presented Patrick Muenks with the first $125,000 contribution toward the campaign.

*Leading the Way* started with an internal campaign goal of 100% participation. As of this date, June 21, 2001 (my last page of the yearbook, by the way), the campaign has raised over $215,000 with over 80% participation.

Employees were invited to an appreciation reception on May 2nd where they could find their name displayed on a replica commemorative brick.

Greg receives the President's Award plaque from Dr. Don Claycomb while Chris Rook, John Thorne, and Dr. Don Gelven look on.

According to everyone who knows Greg; he is a very deserving recipient of the award. Greg is a member of Phi Theta Kappa, SkillsUSA-VICA, and is an SGA representative. He is a single parent raising a teenage son and managed to maintain a perfect attendance record in his two years at LSTC.

Greg was also chosen as the outstanding student for his class. According to Ray Peters, HVAC Department Chair, "Greg was not only the outstanding student for HVAC this year, but probably the most outstanding student HVAC has had in the 26 years he has been teaching."

Greg shows off his award as well as his son, Joey. Pictured below are his sister, Lori; son, Joey; and parents, Mr. & Mrs. Edward Ament.

Congratulations Greg!
