LOKI 68

Linn Technical College
Linn, Missouri
The Goals of Linn Tech College

The underlying goal of the Linn Technical College is to take those students who are not interested in going to a liberal arts college and to teach them the necessary skills in their chosen technical field in order for them to secure a responsible position and to advance in it.

In this we have been very successful, and we are proud of our outstanding record.

In the years ahead we hope to reach the goals that we are setting today. One of these goals is to make Linn'Tech a four-year institution. In addition we plan to add more technical areas in order to offer curriculums that will appeal to the individual needs of all students in Missouri.

Thurman Willett
Superintendent
LINN TECH ADVISORY BOARD
Seated: Albert Balkenbusch, Theron Mantle, Harold Starr, Wilbur Knoerr, Raymond Helmig. Standing: George Faith, Clarence Koch, Secretary; Francis Brinkman, V. Chairman, (Not Shown) Russell Kixmueller.
