LOKI. (Loh Kee) In Norse mythology was the god of mischief. Though he was sometimes wicked with his practical jokes, he was very cunning and frequently helped the other Norse gods with their problems. In his spirit of fun and helpfulness, we name our yearbook "LOKI".

Some of the events of 1978-79 that makes this year unique in history are:

- Egypt and Israel signed peace accords at Camp David.

- The winter at Linn had lots of snow and cold weather.

- The United States recognized China and Vice-Premier Teng visited the United States.

- Mike Wieschhaus won the One-On-One competition.

- The “Taxpayer’s Revolt” swept across the country.

- Karen Buckman joined the Linn Tech staff to recruit more women.

- Pope Paul VI and Pope John Paul I died within 53 days of each other.

- The Eagles won the Cross State Conference Tournament.

- Three American balloonists crossed the Atlantic Ocean for the first time.

- Aviation obtained a DC-3 for the students to work on.

- An 8 mile long tractorcade passed through Linn as the farmers protested low crop prices.

- John Godar and Mark Zarantonello were Foosball Champs.

Each year the yearbook is dedicated to a person of special merit for their effort in making Linn Tech the unique institution that it is today. This year the book has been dedicated to Mrs. Karen Buckman.

Mrs. Buckman is the director of the new Outreach Program for Women here at Linn Tech. Karen’s job is to visit the high schools in an eight county area surrounding Linn Tech to discuss the advantages for women students to attend Linn Tech. She plans to double the population of women students for next fall’s semester through her recruitment program.

Karen came to Linn Tech in November of 1978 and hopes to remain a part of the staff for a long time.
I would like to take this opportunity to thank the members of the 1979 Yearbook Staff and our advisor, Mr. Livingston, for helping make this yearbook one of the best ever published for Linn Tech. We hope that you will enjoy looking through this book and keep it as a remembrance of your 1978-1979 school year at Linn Technical College.

Being editor of this yearbook has been an experience that I will never forget. It has been a time of hard work and frustration, but there has also been some good times. I am glad that it is finally finished.

I would also like to thank James Valleroy for again designing the cover for our yearbook. And, last but not least, thanks to all of the students, faculty and administration for making it possible for us to put this yearbook together.

—Patty Bossaller
