LOKI
1981
The fifty-two American hostages held in Iran for 444 days, came home.

Brenda Perkins was elected student council president.

Ronald Reagan was elected president, succeeding Jimmy Carter.

Heavy Equipment class constructed a new parking lot for the students.

Mount St. Helen's erupted in Oregon, covering the northwest with volcanic ash.

Barbara Oldham joined the Communications staff.

It was J. R. Ewing's secretary, Christy, that shot him on the nighttime soap, "Dallas."

Afghanistan was invaded by Russia.

Aviation became a 14 month program by lengthening their school day.

Philadelphia won the World Series from Kansas City; Oakland Raiders won the Super Bowl from the Eagles.

Peter Sellers, Mae West and John Lennon died during the year.

LOKI (Loh' Kee) In Norse mythology, Loki was the god of mischief. Though he was sometimes wicked with his practical jokes, he was very cunning and frequently helped the other Norse gods with their problems. In his spirit of fun and helpfulness, we name our yearbook “LOKI”.

life long.
Monthly meetings were held during lunch hours to plan activities and discuss problems. A hayride, Welcome Back Party, and a trip to Jefferson City were planned as social activities. Service activities included a Bake sale for Headstart, a float for the Christmas parade entitled “Jingle Bell Rock”, and the annual Cans for Christmas. Competition between the departments resulted in 582 cans for the needy families in Osage County. Aviation was the winning department. Moneymarking projects were a Mr. Legs contest, Carwash, and a Cookie Day. TNT also bought flowers for the members who are graduating.
TNT EXPLODES IN 1980–1981

TNT is an organization in which Fifty-six women students on Linn Tech’s Campus are members. They are led by an enthusiastic Executive Council: Judy Kirk, Brenda Perkins, Susan Franklin, Debbie Kemp, and Vickie Rodgers.

Assertiveness, Harassment, interviewing, and trust between the sexes were some of the topics discussed at the Today’s-Non-Traditional Women’s Club this year. A vital group on campus, TNT strives to promote unity, provide support and sponsor social and service activities.

TNT continues to grow and support the women students on campus. They also assist the Women’s Outreach Program staff with the April Women’s Workshop.

SOFTBALL
Intramural softball got off to a flying start and came to a screeching halt — the field was plowed and re-seeded before the finals were played.

Top; Carolyn Sandbothe delivers a warm-up pitch; below, Phil Moss chugs into third base. Opposite; Drafting Division's Mr. Franken runs all out to try to score on a base hit.
Left: Lonnie Brown scores two for the Black and Gold.
Above: Brian Boxell brings the ball down the court.
Clockwise from the top: Brian Boxell shoots a free throw. The faithful fans. The scoreboard tells the story. Gussie Carter lays the ball up for two.
Clockwise from the top: Kenny Pearl shows how it's done. The Thrill of Victory; The Agony of Defeat. Mike (Blue) Davis goes high on the tipoff.

Twice each year a number of public spirited citizens with a deep interest in Linn Tech gather on campus to assist the school by giving advice. Under the leadership of Chairperson Lloyd Bowden, this committee advised each department of the state-of-the-art in the field. The Advisory Committee consists of three people from each of the disciplines that Linn Tech teaches.

Highlights of this year’s meeting were the guest speaker, Mr. Bill Hayter, from General Electric and when Mr. Rakes presented Mr. B. W. Robinson with a plaque for his past service to Linn Tech.

Normally, several names are submitted by the staff from which we select the person to whom our yearbook is dedicated. The choice is often difficult. This year only the first nominee was made — Mike was selected by unanimous vote.

To an all-around nice person, we dedicate the 1981 Loki to Michael F. Dickneite.
Once again the February 1 deadline has been met for the 1980-81 yearbook. I would like to congratulate the LOKI staff and our advisor, Mr. Livingston, for the hard work and extra time put in to make this book unique and special.

Furthermore, I'd like to thank the cover designer, Craig Martin, for an excellent cover design.

I also would like to take this opportunity to say that this has been a very memorable year. I am proud to have been a part of Linn Tech.

/s/ Shirley Van Treece
