EVENTS OF THE YEAR

• Assassination attempts were made on the life of President Ronald Reagan, his press secretary, James Brady, and on Pope John Paul II. President Anwar Sadat of Egypt was killed as he reviewed his troops.

• Electronics II won the Intramural Softball Championship in the fall of '81.

• A walkway in the Hyatt Regency Hotel in Kansas City collapsed on a dinner-dance crowd, killing 113 people.

• "Outsulation" and solar panels were added to several Linn Tech buildings adding to the warmth and to the appearance.

• Judge Sandra Day O'Connor of Arizona was appointed by President Reagan as the first female Supreme Court Justice.

• The tallest person on campus was Jeff Huff and the shortest was Terri Stuart.

• The Baseball Strike of 1981 caused a split season. Los Angeles Dodgers won the Series. Pitcher Fernando Valenzuela was the player of the year.

• Howard Motley, Jr. was a $1000.00 winner in the "Coke, The Real Thing" contest.

• The space shuttle, Columbia, made two successful flights from Cape Canaveral, Florida, and landing at Edwards Air Force Base, California.

• The campus newspaper, The LOOKOUT, began to be published on a regular monthly basis for the first time in the history of Linn Tech.

• Natalie Wood, actress and wife of Robert Wagner, drowned in a yachting accident.

LOKI (loh' kee). In Norse mythology, Loki was the god of mischief. His practical jokes sometimes injured the other gods, he was very smart and cunning, and was helpful in solving many of the gods' problems. In his spirit of fun and helpfulness, we have named our yearbook "LOKI".

WE, the publications staff, and the never ending stream of students on break, respectfully dedicate the 1982 LOKI to Alice Heisler.

She's a shy but very friendly person whom we all appreciate for her services behind the snack bar counter in the lounge.
Another issue of the LOKI is finally completed. I'd like to thank the entire staff for its loyalty and determination to beat the deadline, and a special thanks to Mr. Livingston for being patient and guiding us in the right direction.

It's been a year with a lot of ups and downs, but most of us struggled through it. We have tried our best to make this a unique book. We hope everyone appreciates the effort that has been given by the staff. I'd also like to thank the student body and the faculty for making this yearbook possible.

Julie Stewart
