THE 1986 LOKI

LINN TECH
LINN, MISSOURI
MCMLXII

LINN TECHNICAL COLLEGE
LINN, MISSOURI 65051
HIGHLIGHTS OF 1985-1986

For the first time since 1941, Missouri National League played Missouri American League in the World Series. Although St. Louis won the two opening games in Kansas City, the race went down to the seventh game with a stunning victory for Kansas City, its first World Championship.

In November 1985, the space shuttle went up with a U.S. Senator.

In January 1986, the space shuttle started to go up with 6 astronauts and 1 civilian teacher. Twenty-six seconds after take off, the shuttle blew up and killed all 7.

In August 1985, Rock Hudson died of AIDS and President Reagan started the National AIDS Research Program.

In 1985, The National Missing Children was set up through the F.B.I.

1985 was the worst year for plane accidents in the history of the United States.

New faculty and staff: Jessie Spillman, Receptionist; Pam Schaefer, Careers Unlimited; Sharon Elliott, Alumni Relations; Laura Boes, Careers Unlimited; Terry Williams, Electronics; Edgar Muenks, Heavy Equipment; Mary Buhr, Cashier; Jim Thoenen, Math.

Eleven CAD units were donated to the Drafting Department by AutoDisc Company in Kansas City. Six of them are Tektronics and 5 are IBM with AutoCAD Software.

The Linn Tech Basketball Team came in 2nd place in the Cross State Conference Tournament.

The Peer Tutoring Program is a major component of the overall resources provided by the Technical Learning Center to Linn Tech students. Peer Tutors are usually second year students who have been recommended by the department chair and selected for their ability in their major area of study as well as their interest in helping their fellow students. This year, thirteen Peer Tutors have been employed and are available to assist our students with individual and group tutoring.

WHAT IS THE ADVISORY COUNCIL?

It is a group of individuals representing a cross-section of business and industry who are dedicated to keeping technical education abreast of business and industry’s requirements. There are three members to each program including administration.

WHAT DOES IT DO?

The basic purpose of the Advisory Council is to provide advice and assistance to help keep Linn Technical College’s training programs current with business and industry requirements.

Shown above are pictures from the annual dinner that was held at the Country Club. The basic purpose of this meeting is to provide an orientation, particularly for new members of the committees.

Nancy Buckner, who is in first-year Auto Mechanics, is this year's Eaglebert. She puts on the Eaglebert costume and cheers on the Eagles at home basketball games. Eaglebert generates enthusiasm and spirit among the crowd. At away games, she leaves Eaglebert at home and keeps score.
The Varsity Linn Tech Basketball team consisted of seven starting and traveling players: Rob Chisholm, Tom Wand, Michael Nettles, Randy Scaggs, Wade Riggs, Mike Stegeman, and Nick Miller.

The season began early November with many home and away games and ends in later February at the Cross State Conference Tournament at Lexington.
BASKETBALL
The 1985-86 Linn Tech Intramural Softball games began early September. Each team played approximately 11 games each. The playoffs were based on the teams with the best record playing a double elimination tournament. Auto Mechanics 2B were the winners. They received a free steak dinner at the STUCO Bar-B-Que and Championship T-shirts at the end of the year.
SOFTBALL
Volleyball began early January. Nine teams participated in the games with nine people per team. The playoffs are played in late February and every team will play in the playoffs. The team with the worst record plays first all the way up to the team with the best record playing last. Intramural Championship T-shirts will be awarded at the end of the year.

Dale Tinsley keeping score.
The Linn Tech Intramural bowling league started this year with eight teams. The teams bowl three games per team every Monday night. The team with the best overall statistics, wins the league trophy.
BOWLING
The Iron Pumpers met on Tuesdays and Thursdays from 3:15 to 4:15 at the Field House weight room.
Shown in the pictures are Lonnie Landrum (BSU Director), Bruce Patterson, and John Bock.

The BSU is a fellowship of college students seeking to find and implement God's purposes for them and their world. It provides opportunity for an inward journey of spiritual growth and an outward journey of service to others.
Student Council organizes various activities for the student body, such as picnics and dances. STUCO meets approximately once a month.
STUDENT COUNCIL

STUO Officers: President — Ron Porterfield; Vice-President — Geoffrey Aitch; Secretary — Karen Koon.
TODAY'S NON-TRADITIONAL WOMEN

TNT provides support for the female students at Linn Tech. There are monthly meetings in which speakers come and talk on topics that will be beneficial to the women, such as sexual harassment and dating relationships.

TNT is also involved in social and service activities. Social activities include a bar-b-que and a Christmas party with Secret Santas. Service activities include volunteers for a blood drive and collecting Cans for Christmas.

Top picture: TNT officers: Sandy Kating, President; Mary Rustemeyer, Vice-President; Darla Rehagen, Secretary; Tenna Barnes, Treasurer; Joyce Jones, STUCO Representative.
TNT's first fund-raiser was a bake sale. Soon after that a bar-b-que was held at the park in Linn.
The Lookout staff for 1985-86 are; Left to right: Darla Bax, Mark Reed, Kathy Soucek (Editor), Karen Koon, Pam Schaefer (Sponsor), Shane Winingear.

Karen Koon and Kathy Soucek get a story at Auto Mechanics from Mr. Gleize and Mr. Samson.

The Lookout is Linn Tech’s newspaper. It covers the school’s current events in sports, school functions, faculty and common interest. The staff works very hard at publishing this paper. Thank you Darla, Mark, Kathy, Karen, Shanel, and Pam for all the hard work you’ve done.
Laura Boes and Pam Schaefer are co-sponsors of the yearbook.

LAURA BOES is the Assistant Director of Careers Unlimited. She also sponsors the Cheerleaders and TNT. Laura graduated last May from Southwest Missouri State University with a B.S. in Social Work.

PAM SCHAEFER is the Director of Careers Unlimited. Pam travels all over the state giving presentations to high school students about non-traditional careers. Pam graduated from Southeast Missouri State University with a B.S. in Business Administration.
The Inter-Collegiate Press publishes our yearbook. Our yearbook representative, Ellen Robinson (sitting), gave Gina Lunyou, Nathan Calvin, and Reuben Sloan a few pointers on layouts. Our staff was small, but we worked hard and well together.
Top left: Leon Garrett helped develop the pictures and Joyce Jones and Jeriann Foy (not pictured) assisted him. Top right: Bernard Bade also developed pictures and took many of them as well. Below: Gina Lunyou decides which pictures she needs.

ANDREW LUKOWSKI
The 1986 LOKI is dedicated to our president of the past 10 years, DeWayne Rakes, who is retiring. President Rakes has guided Linn Tech through many accomplishments. During his tenure two new departments were established at the school. The College has received accreditation from the North Central Association of Colleges and Schools and has become a member of the National Junior College Athletic Association. Additionally, Linn Tech won national recognition for its program to eliminate sex bias in technical education. And perhaps Mr. Rakes most far-sighted accomplishment has been the acquisition of land for the future development of a new campus expected to be started in 1986. Mr. Rakes will be missed and we wish him well.
In the fall, we had a Yearbook Cover Design Contest. Quite a few students participated, and the Yearbook Staff chose Nathan Calvin’s design. Nathan is from Houston, Missouri and is enrolled in the first year Aviation program. Congratulations, Nathan!
It's taken a lot of time and hard work, but our small yet effective staff has finally finished the yearbook. We hope you enjoy this book full of memories of Linn Tech 1986 for many years to come.

LOKI (loh' kee) in Norse mythology. LOKI was the god of mischief. Our yearbook is named in his spirit of fun and helpfulness.
