Linn Technical College
Linn, Missouri 65051
314-897-3603
Making our way in the Linn Technical College world of academia was a new experience for students this year. The campus took on a whole new look with the addition of the new Administrative offices. Construction was everywhere but students made their way around the barricades and into the classrooms.

From the top down, there were many changes. New President Dr. Ted Gasper took office July 1 and he set changes in motion. Expanded student activities greeted the student body and administrative changes abounded. Life was different but the already superb quality of life only increased with the changes.

So take a look at Linn Tech! There is lots going on in the classrooms, on the playing fields and in the lives of Linn Tech students. Look At Us Now!

Heard any good jokes lately?

Pee-wee Herman, a.k.a. Paul Reubens, comedian, in his first public appearance after an arrest for indecent exposure.

The Lord told me it’s flat none of your business.

Jimmy Swaggart, televangelist, to his congregation in Baton Rouge, La., about being discovered, again, with a prostitute.

None of your damn business.

Spokesman for Rep. Dan Rostenkowski (D-IL), when asked whether the chairman of the Ways and Means Committee had bounced any checks at the House bank.
From Worst to First

— Magic Johnson
Make no mistake about it. Operation Desert Storm truly was a victory of good over evil, of freedom over tyranny, of peace over war.
