Degree Offered

- Associate of Applied Science

Potential Careers:

- Civil Engineering Technician
- Construction Inspector
- Estimator
- Surveying Technician

Program Highlights:

- Fill an important role in the development and rehabilitation of essential infrastructure that is relied on daily.
- This degree is transferable to select four-year programs related to construction management and technology management.

We have pretty small classes so you get a lot of one-on-one time with the instructors and they're really involved with the hands on aspect of the class. What we're doing here is what we would be doing on the job.

- Brett Browning
